PHAM QUOC HOANG

Full-Stack Developer

Ho Chi Minh City, Vietnam | 0971 955 144 | hoangpham2263@gmail.com | hoangpham.is-a.dev

SUMMARY

With over 2 years of web development experience and a solid understanding of e-commerce, I have delivered projects for businesses in retail, education and services, always focusing on performance, SEO and user experience. Aiming to grow deeper in e-commerce, helping businesses run efficiently and grow sustainably. Learn more about me and my work on my portfolio.

CURRENT PROJECT

Hoàn Hời · hoanhoi.com — Aug 2026 – Present

Founder & Developer

A cashback platform for online shopping, currently running.

- Built the whole project with Next.js.
- Integrated Shopee, Lazada, TikTok Shop, ACCESSTRADE.
- Built the wallet system: cashback credits, withdrawals and cancelled orders.

EXPERIENCE

Vani Ecom — Oct 2026 – Present · Ho Chi Minh City

Digital Marketing – Ecommerce/POD

- Built a batch product-image tool powered by AI (Codex CLI), with a desktop GUI and parallel processing.
- Automated image preparation and CSV export for store import.
- Ran the Shopify store: listed and updated products and edited store content.
- Researched POD designs and products to pick new designs for the store.

HD TechLabs Solution — Jul 2026 – Present

Software Engineer (AI Evaluation) — Freelance, Remote

Build math and coding benchmarks to evaluate AI models.

- Write and review advanced math problems with solutions.
- Build coding benchmarks with Docker and automated tests.

Puramu — Feb 2025 – Jun 2026 · Ho Chi Minh City

Web Developer

- Built SEO-friendly WordPress themes and WooCommerce stores from Figma.
- Developed custom WordPress plugins and features.
- Wrote Python tools to crawl data and move it into WordPress and WooCommerce.
- Optimised PageSpeed and Core Web Vitals.
- Maintained and secured client websites.

Meta Technology Apr 2024 – Jul 2024 · Da Nang

Backend Developer, part-time

- Built APIs with Next.js.
- Maintained data flow between services.
- Improved API speed and fixed bugs.

Lift Software Vietnam Mar 2022 – Jun 2022 · Da Nang

Backend Developer, part-time

- Built APIs with Django.
- Wrote unit tests.
- Fixed bugs and maintained the system.
